What **NativeTalent.net** Provides

- Project Coordination
- Reputable facilitators – Aboriginal mentors
- Customized content (if required according to ages)
- Learning materials
- Graduate production- and staffing
- Lighting and sound equipment, and operators
- WebPages through NT featuring highlights of the project and community

Optional: With advance notice, NT can provide a mentorship opportunity for those youth in your community. Youth volunteers can work with the crew to set up and coordinate the show(s), while gaining great practical work experience.

Marketing and Promotion

Hosts will market and promote the event to ensure that the public is informed and given the opportunity to participate as audience members.

- Production posters, flyers, press releases and programs provided by NT
- NT will provide a Media Contact for media enquiries about the project and NT. The crew and media contact will be made available for interviews and appearances on local talk shows, radio and television promo's.

Benefits to YOUR Community

- Promotion of positive Aboriginal Role Models;
- Integrates Aboriginal content and the arts into educational curriculum;
- Supports Aboriginal youth and career development;
- Creates and strengthen cultural understandings & community Spirit;
- Compliments and enhances community based programming in the areas of education, healing, wellness, culture, youth, and the arts.

Benefits to Hosts

- Acknowledgment as a community-based project sponsor of the project production(s) in their community

Recognition as a sponsor on all printed materials including press releases, community flyers, follow-up reports and printed feature articles.

Our business is a tool to develop positive relationships between Canadian Aboriginal artists and the global market. We do that by providing established and promising artists with appealing promotions that are culturally sensitive, and the digital resources to attract the attention of a global consumer. Our vision is to create and encourage opportunities for Aboriginal artists to further develop their artistic forms of expression and skills related to their career goals.

We strive to empower, entertain and educate people. Through promoting positive images of Aboriginal people, we contribute to cultural understandings and strengthen our communities. Interactive teachings with qualified facilitators provide a fun positive learning environment, delivering youth workshops and cultural entertainment for community-based events. We produce projects that deliver a message, build relationships and offer skill development training, employment and career opportunities for youth and the communities we serve.

As valuable contributors to the Aboriginal and Canadian cultural/arts community our work enhances the growth and development of individuals and communities through the arts. It is cultural, social and community programming at its finest!

**Workshop Group rates start at
\$500 for up to 20 participants.
Includes all fees and supplies.
Travel expenses not inclusive.**
